Keene Xander Y. Brigado

+63 905 236 7965 | brigadokeene@gmail.com | linkedin.com/in/keene-brigado | San Juan, Philippines

Education	**Ateneo de Manila University**	Quezon City, NCR
	Bachelor of Science in **Management Engineering**	June 2029
	Academic Scholar: Director's List (Top 150 ACET examinees nationwide)	QPI: 3.67
	Grace Christian College (STEM - Engineering Track)	Quezon City, NCR
	Top 4 of batch; Honors class	June 2025
	Relevant Courses: AP Calculus, AP Statistics, AP Lit., AP Physics	GPA: 96.17%

Professional Experience

GoRocky — Remote
Growth Analyst Intern — January 2026 – Present
- **Developed a strategic financial model** for a joint venture, simulating a "Trojan Horse" conversion funnel to project break-even points and potential EBITDA for high-volume corporate contracts.
- Architected scalable unit economics and staffing scenarios for regional medical hubs to facilitate executive-level decision-making on a recurring chronic care subscription model.

Klick n Code — Remote
Founder & Principal Developer — January 2021-Present
- **Generated $3,000+ in revenue with a ~90% profit margin** for international retail and gaming clients by implementing modular development frameworks that reduced project delivery time by 40%.
- Streamlined product roadmaps for **10+ global client accounts** by translating ambiguous business requirements into scalable automation and e-commerce solutions.

Amada Corporation — Remote
Data Processing Consultant — June 2025-July 2025
- **Reduced reporting cycle time by 94%** (from 6 hours to <20 mins) by architecting an automated validation workflow that eliminated manual entry bottlenecks.

Primer Group of Companies — Manila, NCR
Admin - Facilities Management Intern — June 2025-July 2025
- **Decreased manual aggregation time by 60%** by automating the consolidation of monthly logistics reports across multiple branches using Google Apps Script.
- Identified operational bottlenecks during review sessions with the Administration Head to optimize warehouse management and cross-branch logistical workflows.

Leadership & Activities

Ateneo Gabay 16th Scholars' Week — Ateneo De Manila
Logistics Head — November 2025-Present
- **Managed end-to-end logistics for campus-wide events** by overseeing material procurement, financial liquidation, and contingency planning for a core operations team.

Operations Core + OSR Analyst | Rose Sale '26 — September 2025-February 2026
- **Scaled a week-long project revenue to ₱300,000+** by engineering a full-stack e-commerce site with real-time inventory tracking, serving 800+ total users.
- **Improved dispatch efficiency by 35%** by building a dynamic "Delivery Portal" for real-time order claiming, replacing legacy manual Google Sheet tracking.
- Enhanced future project viability by authoring a comprehensive audit and analysis report to optimize resource allocation and operational efficiency for 2027.

Grace Robotics Team — Grace Christian College
Team Leader — August 2023-May 2025
- **Led a 10-member team to 1st Place (FLL Philippines 2024)** and 7th Place (FLL Open Europe 2024) by directing the development of AI-powered analytics and sensor-based automation.
- Ensured 100% on-time delivery of technical requirements by organizing project timelines and coordinating tasks across three specialized technical sub-teams.

Skills

Technical: Google Apps Script (JavaScript), Advanced Excel (VBA/Macros), Python, Java, SQL, React, Regex, PowerBI.

Languages: English & Tagalog (Native); Mandarin & Hokkien (Conversational).

Awards: 2x Bounty Winner, Ship or Be Shipped Hackathon (Dec 2025); Top 25 Finalist, Nestlé ACTS (Oct 2025).
